Dear FCC:

I am writing to complain about the proposed changes to the Universal Service Fund and requesting that the FCC investigate this matter further before changing the current policy. Your proposed \$1.00 per month charge for all wireless phones will directly impact my ability to retain my wireless service.

I do not think it is fair to charge EVERYBODY \$1.00 dollar regardless of how they use their wireless phone, especially for a low-volume user that relies on wireless service for safety and security, not interstate calls. The current policy is fair, based on interstate usage, and should be left alone. Please do not penalize us. Keep this fair.

This proposed new charge is outrageous....we use our phone for emergency only and use less than 10 minutes a month on our prepaid plan. Why should we have to pay the same as someone who uses hundreds of minutes a month just chatting with friends? We shouldn't. We also never make interstate calls. Lets be fair here.

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,

Sandy Kreifels
